

One or Two/ DAY WORKSHOP—“DYNAMIC PASTEL
PAINTING”--'LANDSCAPE AND its FEATURES IN LIGHT’-
Pastel EXPO -Caloundra-2018 ----- ROSS PATERSON

This workshop is for those who have a little experience in pastel, or drawing, and the need to extend their abilities in this exciting and expressive medium!. Teaching will encompass theory, and also demonstrations appropriate to the general landscape theme- the vital art elements and principles of design as a basis and then through to various ways of utilising technique, adding vitality and strength, using shape, balance, tonal range, and a suitable colour temperature range. We will explore colour and atmosphere in landscape, [one day], then urban and man made objects within this concept, along with figures/animals.

Emphasis will be placed on seeing things as 'shapes', and interpreting these in a painterly way, as light on form, or planes of light in its varying degrees in context. Individual approaches will be encouraged, whilst tutor 'crits' will be offered constructively, along with teaching notes .
